

DL solutions inc.

ROMAN SHADES, DRAPERIES, AND ROLLER SHADES

"Quite simply, the DL solutions team are the absolute best at what they do in the entire Philadelphia region. Every project I have done with [them] - and, there have been many over the past decade - the project has been completed above and beyond expectation."

Larry Korman

DL solutions inc.

owner-operated for over 30 years

Our core team has been working together for many years providing ways to make a client's vision a reality. We offer a complete source for reliable solutions in manual & motorized window treatments, lighting control, audio/video, and networking... from a single room to an entire home, utilizing one or all of our products and services.

Our priority is to support architects, designers, and/or end-users...

overseeing all details of a project to ensure that the process runs smoothly... from design... to measurements... to technical application details... to installation and programming. We work closely with our clients to help them make decisions that will best suit the space, both functionally and aesthetically... offering technology at any level for those who desire it. In addition to familiarizing our clients with the operation of the products and systems we provide, we happily make ourselves available for ongoing support.

servicing montgomery, bucks, and philadelphia counties... and beyond

BLINDS & SHADES

- Natural Woven Roman Shades •
- Soft Fabric Roman Shades •
- Shutters • Wood Blinds •
- Faux and Genuine Woods •

MOTORIZED SOLAR SHADES - LOUIS KAHN HOUSE

WOOD BLINDS WITH DECORATIVE TAPES

"As you know, Dan and I were showing our trepidation about the window covering installation at our new residence, 1706 Rittenhouse. The idea of taking anything away from the view, or the architectural lines of the interior space was the cause for all our concern. Of course, as you carefully stated and demonstrated, all of those concerns were unnecessary. The solar shades and panels are a perfect solution and the operational function is an easy matter. They are a perfect fit for our living style and environment."

Luana N.

NATURAL WOVENS

HANDWOVEN NATURAL FABRICS - CRAFTED OF SUSTAINABLE FIBERS

Going Green...

- Approved Local Hartmann&Forbes Trade Resource •

MULTIPLE ZONES OF CONTROLLED LIGHTING

 **LUTRON**®

LIGHT AND SHADE SCENE AT TWILIGHT

"[This] was the first time we were purchasing home automation equipment and we needed a lot of hand holding. The set-up was perfect - on time and on budget. And since then the service follow-up whenever we have had a question or wanted to make a programming change, has been excellent. We'd recommend DL without any hesitation."

Art B.

DRAPERIES...

The Possibilities are Limitless...

Making Our Clients'
Extraordinary Ideas a Reality

MOTORIZED SLIDING FABRIC PANELS

Willing to Modify or Redesign a
Product, or Invent a New Way to
Accomplish a Design Request in
Order to Bring a Vision to Life

“Tom and I have done a few building/apartment renovations over the years, and while it’s certainly possible to achieve excellent outcomes, getting there is usually fraught with complexity, struggle and pain. Yet in our projects with DL, there’s been no pain, no struggle, and you have managed all the complexity. Each time we’ve worked with DL, the process has gone smoothly and the end results have been impressive.”

Martin M.

“HIDDEN” LUTRON MOTORIZED SHADES • BOHLIN CYWINSKI JACKSON HOUSE

EXTERIOR PRODUCTS

Tame the Elements...

- Protection From Wind, Sun, Rain, etc. •
 - Shades • Draperies •
 - Louvered Roof Systems •

MOTORIZED RAIN-PROOF SHADE AND DRAPERY PANELS

MOTORIZED LOUVERED ROOF SYSTEM

MOTORIZED PRIVACY SHADE

“DL solutions designed a system that was based on sun sensors that enabled the shades to automatically go up and down depending on how much direct sunlight was coming into the apartment. It was wonderfully designed and installed and has been functioning effectively for many years.”

Joseph W.

SONY 4K TELEVISION WITH SONOS ARC SOUNDBAR

Ready to Entertain...

- Television • Soundbar • Wall Mount • Surround Sound •
- Whole House Audio • Music Streaming • Apple AirPlay •
 - App Control • Voice Control • Outdoor Speakers •
- Mounted or Freestanding Speakers • Wiring Not Required •

"The music system remains perfection! People comment all the time about the clarity of the sound and I absolutely love it. As a busy business man, I don't have the time to delve into instruction manuals and figure things out and your instruction remains what I've relied on to have incredible music in my home for me and my guests! It could not be better."

Brian K.

AUDIO / VIDEO

COMPLETED EQUIPMENT RACK

Staying Connected...

- Wired • Wireless • Enterprise-Grade Components • Remote Monitoring •
- Equipment Rack • Uninterruptible Power Supply • Cooling/Ventilation •
- Cable Management • Surge-Protection • Discrete Placement •
- Multiple Network Grades Available • Reliable Connectivity •
- Optimized To Support Today's Technology... As Well As Tomorrow's Advances •

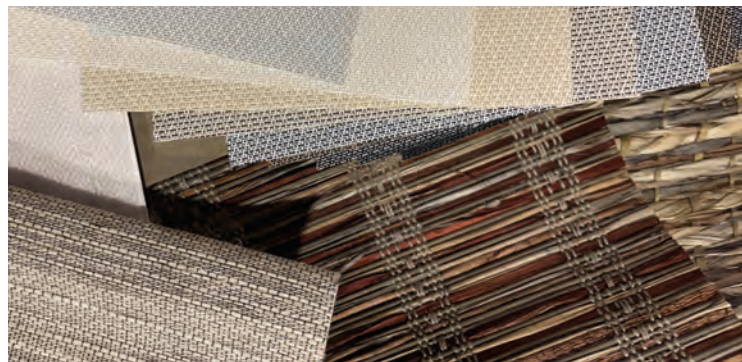

NETWORKING

"I went with DL solutions for full home automation... They listened and understood my needs, made relevant recommendations, and their attention to detail has been exceptional. When the project was complete they took as much time as I needed with orientation and fine tuning and their responsiveness is unparalleled. DL is a pleasure to do business with and I highly recommend them for anything your home may need."

Carolyn S.

SERVICE AND SUPPORT

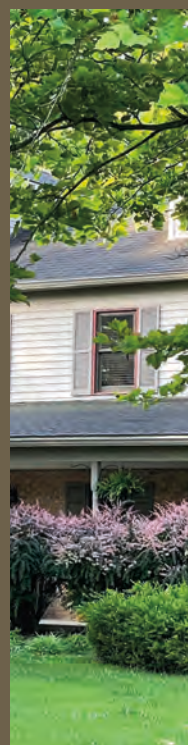

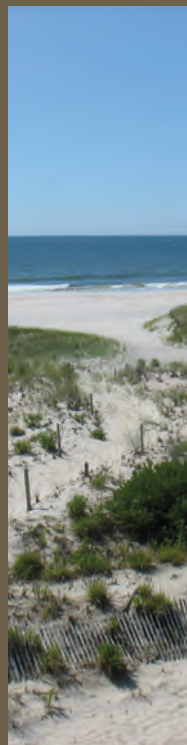

The Complication is Ours, the Simplicity is Yours...

Tell us what you are looking to accomplish. After some discussion relative to the overall job scope (be it large or small), we will evaluate what is needed and provide a preliminary proposal to ensure our pricing is within your budget. When you choose to proceed with us, you can trust in the fact that our attention to detail goes above and beyond the norm. We will make site visits, examine the conditions, handle all measurements, confirm the proper infrastructure is in place, and ensure the products will work in the space for which they were planned. Regardless of the size of your project, we are always "on top of things," communicating with any involved professionals (architects, designers, electricians, carpenters, etc.), ordering products at the appropriate time, tracking their status, and receiving them after they ship. We then coordinate installation, and upon completion, will provide all necessary training and support. Through every step of the process we will keep you up to date always maintaining an open line of communication.

Simply let us know your needs... we'll do the rest!

• Blinds • Shades • Draperies • Lighting Control • Audio/Video • Networking • Natural Woven Shades

• Custom Design • Shutters • Wood Blinds • Service to the Trade • Shop at Home • Exterior Shades
